

### Minelab **£176.00** Detech SEF 15x12 (BBS)

15x12 SEF to fit ALL Minelab Sovereign models

#### Main Description

This New range of SEF - Symmetrical Electromagnetic Field Coils are a new patented technology. with over three years of research and development, they offer greater stability and depth over similar sized search heads.

The 15 X 12 search head is ideal for greater depth and ground cover on a variety of sites. For a coil of this size it is relatively light due to the unique design.

Fits all Sovereign Models

£176.00 + £6.00p&p
