Main Description

The awesome WOLFTRAX Gold Wolf metal detector

The Wolftrax Gold Wolf is the pinnacle of metal detection technology. No other detector gives you the fast, accurate and reliable ground tracking in normal and severe soils like the Golden Wolf. Two Metal detectors in one! - It excels on the trashiest roman & celtic sites or seeking out the tiniest nuggets in the gold fields

"The Gold Wolf is simply one of the most sensitive metal detectors you can buy" Gold Wolf's Computerized Ground Tracking System solves the detectorist's greatest problem-ground balancing. No matter where you hunt, the Gold Wolf will quickly self-adjust to eliminate minerals letting you find more gold with ease. Discrimination circuitry with instant pinpointing at your fingertips takes the awesome power of the Gold Wolf into every type of metal detecting you do.

The simple to use, high performance detector designed to cope with the most difficult sites. 17.8KHz frequency (for superb sensitivity), lightning fast recovery speed and 10 x 5" elliptical search head (the optimum size for those tiny gold & silver coins!) make an unbeatable combination. Designed by experts for the toughest sites and then coupled with Tesoro's build quality - the perfect combination! Wolftrax Gold Wolf was designed to meet demands of the serious detectorist who
